

There is a lot of helpful information in obituaries. I realize, I occasionally duplicate an obituary, but I had rather publish it twice than not at all. If you find mistakes or changes tha need to be made, just let me know. In the case of maiden names vs married names, I usually use the names as they are used in the obituary. You may wish to check both names. I will be glad to publish any family obituary your send me. They are listed alphabetically by the last name.
